it went great! I like going there.

it went really well. getting the appointment was easy. it was longer than first visit; but nothing to complain about- I understand more people are coming and so I get it. The staff was great!

Went great. Got appointments immediately. They are great! We're on a first name basis.

Waited a little longer than anticipated. Still better than the doctor's office

<p>It always goes real good. Take real good care of us. We're real pleased</p>	<p>Went well- Dr. Flowers and Dana are great.</p>	<p>I'm happy with it</p>	<p>“was great, because I saw Dana Hickman. I love her! She is great. The only thing I don't like about her is that she's only there Mondays and Tuesdays. It's no secret that no one likes Dr. Flowers. Several people have pulled out from the Health and Wellness Center because she's mean, hateful and rude. The only reason for the pull outs is her. There's even a nurse that is just super that is thinking about leaving, but I know Mrs. Hickman is trying to talk her into staying. She's mean to patients and her workers! I have talked to several people here in the government center where I work and we all think she's the problem. I've even spoken with Melissa from ya'll's office about this. I started to leave myself, but I was told that Dana Hickman was coming and I decided to stay. She is a sweetheart, I love her to death She is just so great and wonderful! I will always go on Mondays and Tuesdays to see her. If I have to see that Dr. Flowers woman, I'll have to leave. If a doctor is rude, raises her voice to you and is a smart mouth, you can't connect with her. ”</p>

<p>went fantastic. Above satisfactory lab experience. I would highly recommend because they've been good to me and wait time is short.</p>	<p>I got my days mixed up. I showed up for appointment Tuesday but it was tomorrow but they got me in and took care of me. Staff is great!</p>	<p>It was a miracle- first time in 20 years that I've had no pain. I enjoy going there. It's the best place I've ever been. They take me right in.</p>	<p>waiting room not big enough. because we are able to go visit doctor on the clock, they are asking for a note with a time stamp. It isn't done automatically- we have to ask for it. If I don't remember it, it would count against me.</p>
